SENIA DEDIC

Primrose is 90

Our friend and neighbor Primrose Galiffant has turned 90 years of age this month and celebrated with WoW Mums and

WoW Kids in Haven Lodge. Worshipful Mayor of Wandsworth attended to congratulate her personally to

her delight. Primrose's family is not in London, so WoW Muma made sure that she celebrated with the whole community.

Easter Egg Hunt

WoW Kids love Easter Egg hunting in lovely Haven Lodge garden with all the residents and friends. We had a tasty Easter lunch in the sunny garden with three generations.

Easter Trip to Surrey

WoW Mums are very grateful for the free tickets and transport to Hindleap Warren Activity Centre in East Grinstead and the lovely day in the sun, climbing Jacob's Ladder, mammoth climbing wall and rushing down longest zip wire in UK. It was challenging, but also toughening for our boys and girls who do not have garden and crave for outdoors activities. These activities included team building, obstacle courses and forest adventures.

Pollinator Pathway

Women of Wandsworth are taking part in the Wandsworth Plant Pollinator Project organised by LSx—London Sustainability exchange. We are keen to use our gardening capabilities and confidence to transform our

high-rises into pollinator pathways for bees and other pollinating insects. Most of us do not have a garden, but are ready to use our balconies to form a microclimate for better pollination in urban areas. Regular support, training as well as hints and tips are provided by local LSx gardeners to learn more about biodiversity and gardening. We are attending the launch event in ROSE community centre on 20th May. During the Wandsworth Fringe Plant Pollinators will be at a different garden each weekend distributing seeds, holding workshops in topics such as upcycling, seed bomb making and will even have some moths on hand to look at on May 13th.

WoW Enterprise

WoW Mums Enterprise Club attended Wandsworth Employability Network Service meeting in the Town Hall to hear the thought provoking presentation about employment obstacles people with Dyslexia have, given by Aspire 2 Inspire Dyslexia CEO Elizabeth Kwarteng—Amaning.
