## WoW Enterprise Club

Article about the success of WoW Enterprise Club has been published in Business Connexions Magazine, published by Wandsworth Chamber of Commerce, on page 20.

Senia Dedić and Beverly Corso

## HELP for single mothers

Senia Dedić, CEO of URBIS Business Consultancy, helps single mothers to become Entrepreneurs and solve their employability problem.

**S**ingle Mums usually have to decide either to stay at home with their child or go to work and pay the nanny, they usually choose the first option, especially if they have two children or a child with a disability. Senia found a solution for them - to work from home and bring up their children to become responsible adults. This was in 2010, before zoom meetings and working remotely.

As a Business Economist, Senia helps single Mothers to write their Business Plans, Cash Flows, Policies, and other constitutional documents, so they can start their business and use their talents and skills to become self-employed. Many of her clients run a successful business now and have won the Business Award given by Wandsworth Chamber of Commerce.

## WoW At Town Hall

Several WoW Mums held a position of the Chair of their local Residents Association over the years. We were very pleased to have been invited to the Marble Hall to celebrate the 50 years of Residents Participation in Wandsworth and to talk to other residents and Housing Community Champions.

## WoW Free Food Deliveries

WoW Mum Senia is still delivering free food to elderly residents in John Kirk lodge in Battersea. Fresh fruits and vegetables are delivered in bulk as well as some non-perishable foods. We are very glad that the elderly residents appreciate our efforts to supply the free food to them since the pandemic started to help them economically now that food became very expensive. We would like to thank our volunteer drivers Andrew and Joe.

## Thinking Partners

Women of Wandsworth community organisation is a member of Thinking Partners Forum for the last 10 years. We attended the meeting this month at the Gwyneth Morgan Centre at the AGE UK office. Previously Clinical Commissioning Group is now Integrated Care System for NHS. It has a new structure, new governance and a new committee. Chair Nadra Gadeed introduced the new proposal for an

inclusive and collaborative approach to Wandsworth Health and Care plan, under the name Community Voice in Wandsworth.

This plan will be delivered by engaging and working collaboratively with the local people, community organisations and patients, who will feedback to NHS leaders to influence priorities and programs that work. There were a lot of local organisations present at

this meeting: Enable, Regenerate, LGBTQ+, Wandsworth Care Alliance, Community Engagement Network, and others on Teams. Members of the group will help to update the Terms of Reference, network, learn and inform others in the community of ICS work. Next Thinking Partners Forum is in October.
