Westminster College Garden

WoW Mums have been invited by Team Lewis Foundation to their celebration of their community causes at the opulent Westminster College Garden.

This spectacular event, during perfect summer evening, displayed some of the community organisations' philanthropic work and their successful campaigns, as well as connections they made with people who step up to improve lives and communities.

Team Lewis Foundation is a CSR (corporate social responsibility) of Team Lewis, a global marketing agency, which delivers impactful, innovative campaigns for commercial and community causes.

WoW at UN

WoW Mums have been invited to the meeting of the UN Association in Wandsworth to talk about Women's rights and Human rights in the world. We also discussed the celebration of the 80th Anniversary since the UN has been formed in 1945. Photo: Catherine Plugers, Senia Dedic and Robert and Mina Storey

Free Food For Elderly

Regular, free, weekly food deliveries to John Kirk lodge and to Holmleigh Court, sheltered accommodation in Battersea is

an essential support for our elderly neighbors, who need help during high cost of living crisis. Thank you to the funders.

NHS Training

WoW Mums had training by RM Partners, West London Cancer Alliance, on the delivery of the recommendations in NHS England's National Cancer strategy to transform Cancer services and improve outcomes and experience for its population, in hope to prevent Cancer. The aim is to deliver its vision of working in partnership to achieve

world class Cancer outcomes and improve survival and quality of life for its population of over 4 million people. It works closely with a range of healthcare organisations, including NHS acute Trusts, primary care services, commissioners, community services, public health and third sector voluntary orgs.

WoW at Art Biennale

WoW Mums rarely have an opportunity or free time to visit galleries, but we had a special invitation to the Private View at the London Art Biennale 2025 at the Chelsea town Hall last month.

We found inspiration in art from around the world and felt the power of creativity, which fosters cultural understanding and global unity. Installations, paintings, sculptures, digital artworks and string quartet music in the background enriched the atmosphere, as well as chatting to local artists and other art lovers.
